

# Revive

## Enzymatic Bathroom Cleaner

## Bathroom

### Description

Residues of urine and other bodily fluids are a major cause of severe odors and stains in restroom and lavatory environments. The most effective way to remove these odors and stains are through enzyme digestion. Revive has been specifically formulated to eliminate organic waste and deposits from lavatory and restroom areas through digestion by enzyme-producing bacteria. The enzymatic action works quickly to digest urine, fecal, and vomit residues from toilets, basins, urinals, and porous tiles when used on a regular basis. Revive also contains complex surfactants to superiorly clean all bathroom surfaces including porcelain and enamel. When used in mopping applications, any remaining solution can be poured into drain pipes to help prevent buildup and keep plumbing running freely.

### Directions for Use

Apply several ounces of Revive to the bowl depending on residues and soiling. Swab bowl or urinal and allow sitting in bowl as long as possible. Apply product by using a trigger sprayer directly to hard surfaces and wipe clean. When mopping, dilute product 4:1 with warm water and apply liberally to tiles and grout. For heavily stained and foul smelling areas, product's concentration should be increased and allow to remain on surface as long as possible.

### Safety Cautions

- Keep out of reach of children
- Prior to using this or any cleaning product, make sure employees read and understand the hazard information found on the product label and Material Safety Data Sheet (MSDS). The label and MSDS will also provide information on handling precautions, protective equipment and first aid instructions which might be appropriate for this product.

### Features & Benefits

- Digest organic matter
- Neutralizes malodors
- Eliminates urine and body fluid residue
- Keeps drain pipes running free
- Totally biodegradable
- Certified salmonella free

### Specifications

|                   |                  |
|-------------------|------------------|
| Appearance:       | Hazy Light Green |
| Odor:             | Cherry           |
| PH                | 6.5 – 7.5        |
| Specific Gravity: | 1.0              |
| Detergency:       | Excellent        |
| Biodegradable:    | Yes              |

### Dilution

|                    |                          |
|--------------------|--------------------------|
| Bowl Cleaner.....  | Ready to Use             |
| Floor Cleaner..... | 1:4 (32 ounces / gallon) |

### Available Sizes

- Case/ 12x1 quart: Item # 899202
- Case/ 4x1 gallon: Item # 899204
- Pail / 5 gallon: Item # 899205
- Drum / 55 gallon: Item # 899206
