

Sani-Foam

Foaming Chlorinated Degreaser

Food Service

Description

This powerful degreaser produces a thick, rich, stable foam for extended contact times. Use this product to remove the toughest fats, oils and greases. Powerful cleaners and foaming action remove blood stains and other stubborn food stains from floors, walls and equipment. Use with foaming gun and hose-end sprayers to produce thick, clinging foam. Use in any food processing area. Sani-Foam is a great CIP cleaner that can be used in meat & poultry plants, slaughter houses, canneries, food processing facilities, meat rooms, wineries, and institutional kitchens.

Directions for Use

Use this product on floors, walls and equipment in any food processing area including meat, poultry and seafood plants. **This product contains Sodium Hypochlorite. Wear all appropriate personal protective equipment as indicated on this label and MSDS. DO NOT MIX WITH AMMONIA, ACIDS OR OTHER CLEANING AGENTS. MAY PRODUCE CHLORINE GAS.** Not recommended for use on glass or water-based paints. Concentrated product and strong dilutions will discolor aluminum and other soft metals or plastics. Do not get on clothing or carpet as irreversible discoloring will occur. **For cleaning floors, walls and equipment:** Clear floor drain. Remove or cover all food packaging materials. Dilute 1:20 with water (6 oz. per gal.). Spray on all soiled surfaces. Let set for 5 minutes. Rinse with hot, potable water. Sanitize if needed. Allow to air dry. **Cutting Boards:** Use only in well ventilated areas. Make a 1:20 dilution of the product with water. All gross soils must be removed prior to application of the product. Spray surface until thoroughly wet. Let stand several minutes. Thoroughly rinse surface with water.

Safety Cautions

- Keep out of reach of children
- Prior to using this or any cleaning product, make sure employees read and understand the hazard information found on the product label and Material Safety Data Sheet (MSDS). The label and MSDS will also provide information on handling precautions, protective equipment and first aid instructions which might be appropriate for this product.

Features & Benefits

- Removes heavy accumulations of grease, carbonized soil, protein soil and oils from food processing plants.
- Chlorine Bleach instantly whitens discolored areas.
- When used as directed, safe to use on aluminum and stainless steel, although prolonged contact may discolor certain metals and plastics.
- Thick, rich, clinging foam provides for extended contact time.

Specifications

Appearance:	Clear Liquid
Odor:	Chlorine
Specific gravity:	1.01
PH:	12.5
Biodegradable:	Yes
Detergency:	Excellent

Dilution

Light Soil.....	1:40 (3 ounces / gallon)
Heavy Soil.....	1:20 (6 ounces / gallon)

Available Sizes

- Pail / 5 gallon : Item # 60905
- Drum / 55 gallon : Item # 60906
