

A highly concentrated, mint-scented, phosphoric acid-based RTU cleaner and deodorizer. Leaves everything bright and clean and kills odor causing germs. Effectively inhibits the growth of mold and mildew and the odor caused by them when applied to hard, nonporous surfaces such as tubs, tiles, basins and shower walls. Harmless to plumbing and septic systems.

Where To Use

Directions

For General Cleaning – Spray directly onto surface and spread with sponge. For large buildups spray directly on area and allow to dwell a few minutes. Scrub with brush if needed and rinse with clean water or wipe dry.

For Cleaning and Deodorizing Bowls – Raise toilet seat and direct the liquid formula inside bowl, including under the rim, on the sides and into water. Wet thoroughly, allow to remain 10 minutes. Flush. Rinse bowl brush in fresh water after use. For hard water stains, follow directions above. Then apply more product directly to stained area. Let stand for at least 15 minutes, brush and flush. Repeat if necessary.

For Mold and Mildew – Apply product and allow to dry on surface. Repeat weekly or when mildew growth returns.

Directions

Disinfection - for gross filth and heavy soil, a pre-cleaning step is required for disinfecting. 1) To disinfect toilet bowls, flush toilet and add 4 ounces of this product directly to the bowl water. Swab bowl completely using a scrub brush or toilet mop, making sure to get under the rim. Let stand for 10 minutes and flush. 2) To disinfect urinals, add 2 ounces of this product to 48 ounces (1 1/2 quarts) of water. Flush urinal and apply solution with brush or toilet mop to urinal surface, making sure to scrub completely. Let stand for 10 minutes and flush. 3) For badly stained toilet bowls, flush toilet and use toilet mop to push water from the bowl over the trap. Press swab mop against bowl to remove excess water then saturate mop with 2 ounces of this product while holding bottle and applicator over bowl. Swab bowl completely making sure to get under the rim. Let stand for 10 minutes then flush. Rinse applicator completely.

Directions

To Clean and Disinfect Toilet Bowls - remove or expel over the inner trap residual bowl water prior to applying use solution. Use 4 oz. of concentrate in toilet bowl. Squeeze around bowl and under rim. Then scrub thoroughly with brush.

For urinals add 4 oz. of concentrate. Then scrub thoroughly with a brush for contact time of 10 minutes.

For Disinfecting - Apply by mop, sponge, cloth or spray on hard nonporous surfaces for a minimum contact time of 10 minutes in a single application. Remove gross food particles and heavy soil deposits, then thoroughly wet surfaces.

Mildew static instructions - Apply solution by spraying, making sure to wet all surfaces completely. Let air dry. Minimum contact time of 10 minutes. Repeat application weekly or when growth reappears.

For Sanitizing Nonfood Contact Surfaces - Apply as is, thoroughly wet surface, minimum contact time 5 minutes.

For decontamination against HIV-1 (AIDS virus) of surfaces/objects soiled with blood/body fluid - Disposable latex or vinyl gloves, gowns, face mask or eye coverings must be worn during all cleaning of body fluids, blood and decontamination procedures. Blood and body fluids must be thoroughly cleaned from surfaces and objects before application of disinfectant. Effective against HIV-1 (AIDS virus) on hard nonporous surfaces in the presence of a moderate amount of organic soil (5% blood serum) (providing 1800 ppm of active quaternary) for a contact time of 5 minutes at room temperature. Use a 10 minute contact time for disinfection against all other bacteria, fungi and viruses claimed (listed on labeling).

Lime Scale Remover

L2125

Dual-acid formulation for fast dissolving of scale in dishwashing equipment or other hard chemically resistant surfaces. Can also be use to de-scale coils in hot water pressure washers or remove soap scum buildup. This product can also be used in restrooms to remove soap scum from showers, porcelain, stainless steel and other restroom fixtures.

Where To Use

Dishwashers in:
Restaurants
Food Service
Hotels
Restrooms

Dilution

Most Descaling Situations - 1/6 (21 oz./gallon)
Restroom Cleaning - 1/16 (8 oz./gallon)

Directions

Dish Washing Machines - Fill wash tank with water, add one gallon of scale remover. Let machine run for 20-30 minutes and allow scale remover to flush lime deposits. Drain tank. Refill and rinse tank. (Turn off automatic detergent dispenser while de-liming).

Steam Cleaners - Dilute 1 part product with 4-6 parts of water according to scale accumulation. Circulate the solution until all scale is removed.

Restroom Cleaning - Dilute 1 part product with 16 parts of water to remove soap scum from showers, porcelain, stainless steel and other restroom fixtures.
