

For use in commercial dish washing machines where heavy soils are encountered. Safe for use on institutional china, glassware, stainless steel, and plastic ware. Not recommended for use on silver, aluminum or other soft metals.

Where To Use

For use in power automatic dispensing systems.

- Nursing Homes
- Hospitals
- Hotels
- Restaurants
- Colleges
- Deli's

Dilution

Dilution Rates vary according to water conditions. Approximately 1/4 to 1/2 oz per gallon capacity of dishwasher.

Directions

Usage rates are determined by equipment type, water conditions and soil levels. Your Epic/Simoniz Service Technician will set the correct injection amount.
