

Green Care

Floor Finish GF-165

Green Floor Finish

Description

Floor Finish GF-165 is an environmentally preferred Zinc Free, APE-free and phthalate-free Floor Finish. This low odor finish has exceptional performance properties and can be maintained with conventional procedures. Excellent durability and gloss right off the mop.

Directions for Use

For best results apply full strength over freshly stripped and rinsed floor. Apply first coat lightly, being more concerned with even coverage than quantity of finish applied. Allow approximately 15 to 20 minutes drying time between coats then apply a second coat a little heavier than the first. Repeat this procedure for up to 4 coats if necessary or desired. Please allow 24 hours cure time after last coat before high speed burnishing; although under some conditions burnishing between coats can be performed if proper care is taken.

Safety Cautions

- Keep out of reach of children
- Prior to using this or any cleaning product, make sure employees read and understand the hazard information found on the product label and Material Safety Data Sheet (MSDS). The label and MSDS will also provide information on handling precautions, protective equipment and first aid instructions which might be appropriate for this product.

Features & Benefits

- EPA/DFE recognized for safer chemistry
- Easy to use
- Complies with CARB and VOC standards
- Environmentally preferred Zinc Free Polymers
- APE and Phthalate Free
- Excellent Gloss and Durability
