

Wood Kleen

Sealed Wood Cleaner

DESCRIPTION

A modern combination of synthetic detergents and emulsifiers, which provide multipurpose cleaning of many surfaces. This product will safely and completely perform all cleaning jobs from damp mopping and light cleaning to removal of greasy soils. A wide range of flexibility allows this product to be used on any surface not harmed by water. This is a low foaming, non-stripping, wood cleaner that requires no rinsing. It contains no acids, abrasives, or strong alkalis.

INSTRUCTIONS

For easiest cleaning let the chemical do the work. Dilute one part of product with 4 parts of water (1:4) for damp mopping of all modern types of floors and sealed wood floors.

FEATURES

- No rinsing
- Completely biodegradable
- Safe on hard wood and laminated floors
- Contains detergents and emulsifiers
