Where To Use

Athletic facilities	Restrooms	Schools	Nursing Homes
Health clubs	Offices	Restaurants	
Hospitals	Colleges	Institutions	

Dilution

2 oz. per gallon.

Directions

Master Blend Non Acid Bowl Cleaner #5 is designed to be diluted at 2 oz. per gallon through the Simoniz Master Blend Dilution Systems. The Master Blend systems are preset for a 2 oz. per gallon dilution for filling quarts. A light blue tip must be added to the wall mount unit high flow fill side in order to fill mop buckets at the correct dilution. Simply attach the half gallon to the dispenser via the cap at the end of the draw tube (wall mount) or attach the portable unit directly on to the half gallon and fill either quarts or mop buckets. If using this product with another dispenser, use the appropriate tip for the desired dilution. (Please note, in order to use Master Blend products with other dispensers, part number C38CS4W must be attached on the pickup tube.)

To clean and deodorize toilet bowls - remove or expel over the inner trap residual bowl water prior to applying use solution. Use 1 oz. of product in toilet bowl. Squeeze around bowl and under rim. Then scrub thoroughly with brush. Let stand 10 minutes then flush.

For urinals - add 1 oz. of product. Then scrub thoroughly with a brush. Let stand 10 minutes.

Mildew static instructions - Apply diluted solution by spraying, making sure to wet all surfaces completely. Let air dry. Repeat application weekly or when growth reappears.

Technical Specifications

COLOR:	Fluorescent pink	STORAGE(Unopened): .1 Year @R.T.
