Re: Coronavirus Disease 2019 (COVID-19)

On Wednesday, January 22, 2020, Anita Pease, the Director of the US EPA Antimicrobial Division announced that the Washington State case of the Wuhan Coronavirus has triggered the EPA emerging pathogens policy: <https://www.epa.gov/pesticide-registration/emerging-viral-pathogen-guidance-antimicrobial-pesticides>.

Simoniz USA Inc. and Harvard Chemical, LLC offer many registrations that have been evaluated and accepted by EPA under the emerging pathogen policy:

[Product Name from Table I] has demonstrated effectiveness against viruses similar to SARS-CoV-2 on hard non-porous surfaces. Therefore, **[Product Name for Table I]** can be used against SARS-CoV-2 when used in accordance with the directions for use against **[name of supporting virus(es) from Table I]** on hard, non-porous surfaces. Refer to the CDC website <https://www.cdc.gov/coronavirus/2019-ncov/index.html> for additional information.
