Re: Coronavirus Disease 2019 (COVID-19) Update

The EPA has newly expanded their list of EPA-registered disinfectant products that have qualified for use against SARS-CoV-2, the novel coronavirus that causes COVID-19.

While disinfectant products on this list have not been tested specifically against SARS-CoV-2, the cause of COVID-19, they are expected to be effective against SARS-CoV-2 because they have been tested and proven effective on another human coronavirus like SARS-CoV-2. The expanded EPA list now includes the Simoniz and Harvard products below.

Table I				
Company	Product Name	EPA Reg. No.	Follow the directions and preparation for the following virus	Contact Time
Simoniz USA, Inc.	Syn-Kleen	1839-79-18305	Coronavirus	10 Minutes
