DETAIL DIRECT

EIGHTH EDITION >>>>>>

THE PROFESSIONAL'S CHOICE

BORN IN 1910, the Simoniz brand is an American icon and notably, the oldest and the most recognized car appearance brand in the world.

Founded by George Simons in 1910, Simoniz products were originally based on a cleaner and a carnauba wax product for car finishes. Simoniz slogans, “Motorist Wise, Simoniz” and “It shines while it dries” were seen, heard and recognized by millions of Americans, nationwide. Simoniz became so synonymous with waxing cars, it’s name found a place in the Webster dictionary in 1934. The Simoniz brand stood for quality and protection.

Today, Simoniz USA manufactures over 3000 products for the professional car care and institutional markets. Our chemical laboratories are staffed by professional chemists and engineers who have formulated the country’s most extensive line of professional car care products that are distributed to car washes, new car dealerships and detail shops, coast-to-coast.

Simoniz car care products are manufactured and supported by its state-of-the art 450,000 square foot facilities that include two manufacturing plants and 13 distribution centers strategically located throughout the United States.

When it comes to cleaning and protecting vehicles, Simoniz is the #1 brand preferred by thousands of professionals worldwide.
