

WHY BUY NOW?

- ▶ The appearance of your motorcycle plays a major role in determining its resale value. Simoniz® MotoTect™ will enhance the appearance of your motorcycle, making it worth more money at trade-in time.
- ▶ The exclusive Simoniz® MotoTect™ Program can only be purchased prior to delivery of your new motorcycle.
- ▶ It will insure your motorcycle's great looks for Lifetime.
- ▶ Our warranty is backed by one of the oldest and highly regarded insurance companies in the U.S.

HOW MUCH DOES IT COST?

A month. Unlimited mileage!

Consumer Acknowledgment

I understand that the manufacturer does not cover my motorcycle's paint against environmental or industrial damage. I have been offered the Simoniz® MotoTect™ program which would warranty my motorcycle against these conditions.

▶ PROTECTING YOUR INVESTMENT

Some of the best rides you will take can be the toughest on your bike. Sunny days along the coastline, winding roads through forests, or a cross country trip on the freeway, can bring damage from acid rain, tree sap, bird waste, insects, and UV damage. All can cause damage to your bikes appearance, effecting your bikes looks and resale value.

▶ HOW WE COVER YOUR PAINT, CHROME, LEATHER AND WINDSHIELD

The MotoTect™ program protects your bikes' paint and chrome with a specialized "Ceramic Resin" process called GlassCoat®. This is not a wax or polish! GlassCoat® forms a permanent glass like finish that seals your paint and chrome and protects it from damage. Our specialized treatment also protects your leather seat against staining from any consumable food or drink. It also covers your leather seat against fading and cracking.

▶ WHAT WE COVER

▶ PAINT COVERAGE

- Acid Rain
- Insects
- Tree Sap
- Road Salt
- Bird Waste
- UV Damage

▶ CHROME COVERAGE

- Pitting
- Flaking
- Bubbling
