Coverage for vinyl/leather surfaces treated with STAIN SENTRY includes punctures (less than 3/4 inch in diameter), loose seam stitching, and rips and tears (less than one inch in diameter) occurring as a result of weather-induced or ultraviolet-induced weakening of these surfaces. In the event the GLASSCOAT® fails to provide such resistance or to prevent any of the damage outlined herein, We will remedy such conditions, subject to the limitations and exclusions outlined in this Warranty, utilizing the best available methods of cleaning, reconditioning, or repair of the damaged surface.

(B) SANICHECK® ANTIMICROBIAL (if selected in section 4) includes a single application of SANICHECK® to the interior of the vehicle which provides antimicrobial protection and eliminates microbes and germs that cause bacteria to grow and provides odor resistance. SSMD's obligations shall only be applicable for damage described in SECTION III. COVERAGES of this Warranty. SSMD shall have sole discretion to implement and determine the appropriate remedy. SSMD shall have the right before any other remedy to rebuff any paint damaged surface and such rebuffing may be considered a remedy. SSMD shall cause all services to be performed with reasonable attention, quality and promptness. When possible, the selling auto dealer may be used to perform the remedy; however, if not possible, SSMD will designate the new repair facility. SSMD's liability is limited to the cost to repair damage as described in this Warranty. For exterior damage, due to the effects of aging and paint variations over time, matching paint colors of repaired components to the colors of the original vehicle is not always possible and not covered under this Warranty. Claims will only be paid to the original owner or transferee of original limited warranty. Any repair undertaken without written authorization of SSMD will not be reimbursed. The owner of the vehicle must report all claims within thirty (30) days following the notice of any damage covered by this Warranty. Proof of ownership may be required. We reserve the right to request photos of any reported damage. You will be responsible for repair/replacement costs if it is determined that the repair/replacement is not eligible for coverage or for any costs in excess of what is covered under this Warranty.
