Auto-Scrub

Floor Cleaner

A concentrated cleaner formulated for all auto scrubber applications. Thoroughly cleans dirt and traffic soils. Its unique formulation is mild enough for daily cleaning, yet effective for heavier soils at stronger dilutions.

DIRECTIONS

Always add ChemPac to tank or mop bucket first then add water.

For auto scrubbers: Use 1 ChemPac for 10-12 gallon small scrubbers. Use 2 ChemPacs for 25-30 gallon large scrubbers. Drop ChemPac into tank then add warm or hot water. Agitating the ChemPac with the water stream will improve mixing. Wait one minute. Operate machine in normal manner.

For mop buckets: Add one ChemPac to 1.5-2 gallons of water in mop bucket. Wait one minute then agitate to mix.
