

*A highly concentrated fuming cleaner for removing concrete scale. This is a carefully formulated product containing special inhibitors to minimize the corrosion effect on steel. Contains a carefully selected wetting agent and penetrant to give maximum activity and a full strength muriatic acid to give lowest cleaning cost.*

### Where To Use

Concrete floors      Sidewalks  
Tools                      Concrete trucks and Mixers.

### Dilution

1/3 for concrete mixers  
1/5 - 1/10 for tool cleaning

### Direction

For cleaning concrete mixers, ready mix trucks, etc., dilute with up to 3 parts water for rapid results. Brush or spray on. Let sit for a few minutes and rinse. Heavy deposits may have to be knocked off and procedure repeated. For cleaning tools, dilute product with 5-10 parts of water in a plastic pail and let soak for 30 minutes. Rinse thoroughly with water then oil immediately. For etching smooth floors prior to painting, dilute with up to 5 parts water, let set a few minutes and rinse thoroughly. This product has the ability to work in temperatures as low as -4°F.

### Technical Specifications

COLOR: ..... Light Brown	VISCOSITY: ..... Water Thin
FORM: ..... Liquid	STORAGE(Unopened):...1 Year @R.T.
SCENT: ..... Irritating	BIODEGRADABLE: ...Yes
pH: ..... < 1	WEIGHT/GAL: .....9.0 lbs.
FLASH POINT: N/A	SHIPPING CLASS: .....8, Packing Gr II
FOAM: ..... Medium	PACKAGING: .....5 gal(UN), 55 gal
TYPE: ..... Hydrochloric Acid
