

A highly concentrated, high foaming caustic cleaner for removal of proteinaceous soils. Cleans smokehouses, food kettles, tanks, and similar processing equipment.

Where To Use

Food plants Dairies

Dilution and Directions

Dilute with 20 parts of water and foam onto the surface to be cleaned. Hot water will improve cleaning action. Leave on for 3-5 minutes and then rinse off. A hot high pressure rinse (150-160° F) will be best for soil removal. The high surfactant level in FORCE promotes clear rinsing.

Technical Specifications

COLOR:	Clear	STORAGE(Unopened): .	1 Year @R.T.
FORM:	Liquid	BIODEGRADABLE: ...	Yes
SCENT:	Odorless	WEIGHT/GAL:	10.8
pH:	14.0	SHIPPING CLASS:	8, Packing Gr II
