

BioZyme Powder

28bil cfu/oz bacteria digestant

Bio-Enzyme

Description

This bacterial/enzyme product can eliminate the problems of odors and clogs in traps, drains, Cesspools and leach fields that are caused by fat, oil, organic waste, or grease. BioZyme Powder is a unique dry formulation consisting of special strains of mutant bacteria/enzymes that are capable of digesting and liquefying fat, oil, grease, cellulose, fecal matter, complex proteins and carbohydrates at a much faster rate than the conventional type of products. Effective in re-establishing growth in septic or sewer systems where chemical kills have occurred and will digest detergents, paper, oil, grease, fecal matter and fat build-ups. This product aids in reducing grease problems, eliminating offensive odors and keeping plumbing lines open and running freely.

Directions for Use

Grease Traps and Drains: Initial treatment: Use 2 ounces per 20 gallon capacity and increase proportionately with larger traps. Wash down the drain with several quarts of warm water. **Preventative maintenance:** Use 1 tbsp per week. **Septic tanks, Cesspools and Drain fields: Initial treatment:** Use 12 ounces per 1000 gallons of capacity repeating every other week. Mix with several gallons of water and introduce into the toilet furthest from the septic. **Preventative Maintenance:** Use 3 ounces per month per 1000 gallons of capacity. Cesspools, double the amount of Biozyme. **Home Drains: Initial treatment:** Use 1 tbsp in one quart of warm water in each drain for 5 consecutive days. Floor drains and toilets use 2 tbsp in 2 quarts warm water. **Preventative Maintenance:** Use 1 tbsp in one quart warm water in each drain. **Garbage Disposals:** 2 tbsp in 2 quarts of warm water added to system when not in use. Allow to dwell for several hours before using.

Safety Cautions

- Keep out of reach of children
- Prior to using this or any cleaning product, make sure employees read and understand the hazard information found on the product label and Material Safety Data Sheet (MSDS). The label and MSDS will also provide information on handling precautions, protective equipment and first aid instructions which might be appropriate for this product.

Features & Benefits

- Helps to keep plumbing lines running freely
- Eliminates offensive odors caused by clogged drains
- Excellent for use in septic tanks, cesspools, lagoons, homes, grease traps, drain lines and municipal waste facilities.
- Safe for people, plumbing and the environment
- Effective in re-establishing growth in septic or sewer systems
- Longer shelf life than comparable liquid bacteria

Specifications

Appearance:	Brown Granular Powder
Odor:	None
Specific gravity:	0.5 - 0.7
PH:	N/A
Biodegradable:	Yes

Dilution

Ready to Use

Available Sizes

- Pail / 25 pound
- Pail / 50 pound
- Keg / 100 pound
