

# Premium

## Chlorinated Machine Dish Powder

## Food Service

### Description

Premium is a micro encapsulated chlorinated product developed for all institutional, industrial, and restaurant dishwashing machines. Innovative advances in alkaline detergent technology make this product a superior alternative in mechanical spray ware washing and part cleaning systems. This product exhibits state of the art performance in water conditioning, soil suspension, saponification, scale inhibiting, and rinsability. Quickly activated in water to emulsify food soils. Designed to give a sparkling finish to china, silverware and glassware. This product contains a special anti-foaming agent to help prevent foaming and will not harm the glaze on fine china or discolor silverware.

### Directions for Use

Designed for mechanical spray ware washing of dishes and flatware but not hand dishwashing. Always follow manufacturer's instructions that come with the machine. Be sure to rinse heavily crusted foods from dishes. For best results, use at least 160 degrees hot water. An automatic dispensing unit must be installed for the use of this product. This product is also not intended for use in home or residential machines. Please see your service rep for detailed instructions for use on your dishwashing machine.

### Safety Cautions

- Keep out of reach of children
- Prior to using this or any cleaning product, make sure employees read and understand the hazard information found on the product label and Material Safety Data Sheet (MSDS). The label and MSDS will also provide information on handling precautions, protective equipment and first aid instructions which might be appropriate for this product.

### Features & Benefits

- Quickly activates to emulsify grease and food soils
- Effective at removing tough food stains
- Contains defoaming agents
- Will not harm dish finishes
- Effective in hard or soft water

### Specifications

Appearance:	White Powder
Odor:	Chlorine
Specific gravity:	N/A
PH:	13 +
Biodegradable:	Yes
Detergency:	Excellent

### Dilution

Ready to Dispense

### Available Sizes

Case / 4x9lb Jars: Item # 151738

Pail / 50lb : Item # 151730

Keg / 100lb : Item # 151713
