

Spot Free GRA-280

Green Certified Mechanical Rinse Aid

Green Care

Description

Spot Free GRA-280 is a green certified rinse agent developed for all institutional, industrial, and restaurant dishwashing machines. This product will help prevent water clinging to tableware and glassware and prevents water spots caused by water impurities such as hardness and dissolved solids left behind after water evaporation. Special conditioning agents reduce surface tension to provide rapid draining and rinsing thereby speeding air drying. Anti foam agents minimize redeposition of suspended solids.

Directions for Use

Due to varying machine cycles and settings we recommend you consult your sales representative to set up automatic dilution to achieve optimal results. Normal usage is $\frac{1}{4}$ to $\frac{1}{2}$ ounce per gallon of machine water capacity.

Safety Cautions

- Keep out of reach of children
- Prior to using this or any cleaning product, make sure employees read and understand the hazard information found on the product label and Material Safety Data Sheet (MSDS). The label and MSDS will also provide information on handling precautions, protective equipment and first aid instructions which might be appropriate for this product.

Features & Benefits

- EPA/DFE recognized for safer chemistry
- Controls water spotting
- Can be used in all temperature machines
- Versatile, can use in most systems
- Effective in hard or soft water
- Completely biodegradable
- Metal safe

Specifications

Appearance:	Blue Liquid
Odor:	None
Specific gravity:	1.02
PH:	7-8
Biodegradable:	Yes
Detergency:	Excellent

Dilution

Please consult sales representative to set up automatic dilution to achieve optimal results. Typically uses $\frac{1}{4}$ to $\frac{1}{2}$ ounce per gallon of machine water capacity.

Available Sizes

5 gallon pail: Item # 601405
