

In An Instant Non Alcohol Foam Sanitizer 11685

A quat based foaming hand sanitizer. Sanitizes without alcohol while moisturizes with aloe vera. Rapid kill rate of 99.9% within 15 seconds against most common bacteria. No rinsing required. Purple in color with a mild floral scent.

Where To Use

Schools	Office Buildings	Nursing Homes
Health Clubs	Restrooms	Hotels
Restaurants	Hospitals	

Dilution

Ready-To-Use

Touch Free Cartridge Installation:

Line up blue pump with key slots in the dispenser. Angle cartridge slightly toward you and slide into slots. Push the cartridge to the back of the dispenser and close the dispenser cover.

Mechanical Dispenser Bag Installation:

Remove clear plastic cover from the end of the pump by pulling firmly. With the pump opening facing down and levers facing out, align white plastic disk around the pump with the groove in the dispenser and slide in. Gently push the bag into the compartment so it won't get pinched when closing the cover. To remove the empty bag, squeeze the two levers on the white plastic disk around the pump toward each other and slide the empty bag out.

Directions

Apply sanitizer to dry hands, rub in lightly and let air dry.
