

OPL Captain Enzyme Detergent

EP579

Highly Concentrated, High performance laundry detergent. Formulated with tough stain removing enzymes. Removes embedded soil and prevents re-deposition. Formulated with highly effective emulsifiers to remove stubborn oily stains. Use for all types of organic soils, blood, food stains, protein based stains etc. Effective in all water hardness and temperatures. Contains no harsh alkali. Quick rinsing with outstanding whiteness and brightness results. Phosphate-free

Where To Use

Institutional Laundry Operations
Nursing Homes
Hospitals
Hotels

Linen Supply Companies
Universities
Colleges
Health Clubs

Dilution and Directions

Use three to six ounces of product per 100 pounds of laundry. Usage rates are affected by soil level, water conditions, and laundry procedures and equipment. Your qualified service representative will provide you with the actual usage rate.
