

A freshly-scented product formulated with emulsifiers and brighteners. It suspends soil and is ideal for removing grease, oil and ground-in dirt from towels, uniforms, rugs, etc. Can be used on all types of fabric.

Where To Use

Industrial and insitutional laundry operations.

Dilution and Directions

Use will vary with water hardness, as hard water requires more detergent. This product works best in hot or warm water, but will give good results in cold.

Commercial wash units:

1 lb. per 100 lbs. laundry

Automatic: Front or top load

1/4 cup per load-light soil

1/2 cup per load-medium soil

3/4 cup per load-heavy soil
