

A high foaming vehicle washing detergent with excellent wetting and loosening action. It leaves the vehicle with a high "like new" shine.

Where To Use

Fleet vehicle cleaning	Car Rental Agencies	Truck Washing
Hand Vehicle Washing	Self Serve Car Washes	Car Dealers
Conveyor Car Washes	Foaming Brush Applications	

Dilution

Hand brush washing - 1/2 oz./gallon water
Mechanical washing - direct feed or pre-dilute so final dilution is approximately 1 oz./gallon.

Directions

Hand washing - Dilute in warm water. Use sponge or long handled soft bristled brush to apply and agitate solution. Apply to a small workable area. Washing in a circular motion be sure to overlap. Rinse thoroughly with hose or pressure washer.

Mechanical washing - Based on type of equipment, dilute according to equipment manufacturer's directions.
