

# LDO (Liquid Drain Opener)

## Industrial Strength Drain Opener

## Food Service

### Description

LDO is an industrial strength drain opener designed for maximum strength and quick results. This clear, low-odor formula penetrates directly to the clogged area to break up grease, hair, paper, oil, and organic matter from drains. LDO's heat-producing caustic formula is great for restaurants, hotels, hospitals, and institutional and industrial use. Use in sinks, basins, floor drains, grease traps, slop sinks and laundry drains. Safe on plumbing when used as directed. Will not harm septic tanks or cesspools.

### Directions for Use

**WARNING:** Never cover drain. Keep hands and face away from drain. Do not mix LDO with any other chemicals. Do not use with a plunger or anything that may splash water. Keep off aluminum and fiberglass.

1. Remove any standing water. Make sure water in drain is cool.
2. Pour several ounces of LDO into the drainpipe.
3. Add one cup of cold water to drain.
4. Allow to stand for 30 minutes.
5. If still clogged, repeat the process.
6. For floor drains add more LDO and more water.

Use eight ounces once per week in flowing water to keep drains clean and flowing.

### Safety Cautions

- Keep out of reach of children
- Prior to using this or any cleaning product, make sure employees read and understand the hazard information found on the product label and Material Safety Data Sheet (MSDS). The label and MSDS will also provide information on handling precautions, protective equipment and first aid instructions which might be appropriate for this product.

### Features & Benefits

- Fast Acting
- Breaks up Grease and Hair
- Safe in septic tanks and cesspools
