

# Rainbow Foam Conditioner

## Tri-Foam System Conditioner

# Automobile

### Description

Rainbow Foam Conditioner produces a shaving cream like foam that can be used in all triple color systems and allows you to sell your customers the extra services they are accustomed to buying. This product will deliver a thick blue lather when applied to the vehicle through a polish arch and will provide a dramatic effect for your customers. This product will condition the surface of the vehicle by adding the necessary lubrication to protect the vehicle during the wash cycle while providing enhanced water beading.

### Directions for Use

Dilution: Conveyor Foam Polish Arch - Apply to vehicle at a final dilution ratio of 125-150 parts water to 1 part product.

### Safety Cautions

- Keep out of reach of children
- Prior to using this or any cleaning product, make sure employees read and understand the hazard information found on the product label and Material Safety Data Sheet (MSDS). The label and MSDS will also provide information on handling precautions, protective equipment and first aid instructions which might be appropriate for this product.

### Features & Benefits

- Highly Concentrated – Low cost per vehicle
- Produces a dramatic effect for the customer
- Thick shaving cream like foam
- Protects the vehicle during the wash cycle by lubricating the surface
- Ph balanced for easy rinsing
