

# Black Magic

## Tire and Wheel Cleaner

## Automobile

### Description

When asphalt residues, grime, and dirt adhere to outside walls and lettering of tires and grease builds up on wheels and hubs, it can be impossible to remove at times. This is when Black Magic becomes an important part of tire and wheel cleaning. Black Magic is a complex blend of surfactants and degreasing agents that instantly cuts through dirt, grease, and petroleum residues and allows the filth to be easily rinsed away. Black Magic can be easily used in manual applications with a trigger sprayer or metered through automatic dispensing systems.

### Directions for Use

Product should dilute at a rate of 1:10 to 1:30 depending upon the severity of soil and grease buildup. Apply to tire and wheels with a trigger sprayer, allow dwelling, scrubbing if necessary, and rinse away. Contact the manufacturer of your dispensing equipment for proper usage of alkaline degreasers in the equipment for best results.

### Safety Cautions

- Keep out of reach of children
- Prior to using this or any cleaning product, make sure employees read and understand the hazard information found on the product label and Material Safety Data Sheet (MSDS). The label and MSDS will also provide information on handling precautions, protective equipment and first aid instructions which might be appropriate for this product.

### Features & Benefits

- Excellent for use manually or in automatic systems
- Rinses freely
- Completely biodegradable
- Will not harm chrome, metal finishes or tires
- Contains detergents and emulsifiers

### Specifications

Appearance:	Purple Liquid
Odor:	Low
PH	12
Specific Gravity:	1.03
Biodegradable:	Yes

### Dilution

Light Soil.....	1:30 (4 ounces / gallon)
Heavy Soil.....	1:10 (13 ounces / gallon)

### Available Sizes

- Pail/ 5 gallon: Item # 110805
- Drum/ 30 gallon: Item # 110811
- Drum/ 55 gallon: Item # 110806
