

# Deodorants with UltraZymes

Deodorant fortified with Enzymes

## Odor Control

### Description

This product is an enzyme-based deodorizer that deals with a variety of household and light commercial applications. The enzymes will harmlessly break down the compounds that cause odors and will accelerate the deodorizing process. The use of water soluble fragrance oils in this product will immediately mask the foul odor, and allow the enzymes the time needed to eliminate the odor. Available Fragrances: Lemon Jazz, Summer Peach, Apple Mania, Spring Mint, and Country Floral.

### Directions for Use

**Deodorizing:** Apply the product diluted 6 to 12 ounces per gallon of water in a fine mist or spray directly and thoroughly to source of malodor. In all cases, clean-up and remove all organic material if possible. Ventilate area thoroughly after application of product.

**Cleaning Solution Additive:** Add 4 to 6 ounces per gallon of water in cleaning, carpet shampoo, carpet extractor, and mopping solutions. Will not affect cleaning ability or detergency of cleaners.

### Safety Cautions
